

Thank you for considering our stallion Colonels Lil Gun for the 2008 breeding season. Please read carefully, as it will apply to you if you will be breeding your mare to Colonels Lil Gun.

If your mare will be bred using **shipped semen** the remaining stallion fee must be paid 10 days prior to the first shipment. The stallion fee includes the first shipment. For each additional shipment from Double PR Ranch there will be a shipping fee of \$200.00 to the mare owner. This fee includes Federal Express priority overnight service.

Because the \$200.00 charge applies EACH time, after the first shipment, it is imperative that your veterinarian be aware of your mare's current breeding status and be confident that your mare is, in fact, ready to be bred. Please contact us at 972-635-6050 or Paul @ 214-533-7953 at least 24 hours prior to when they will need semen for your mare. You may also send a **Request For Semen** form to us with the shipping information to fax 972-636-0047 or email to Rohus@doublepr ranch.com. This will help us plan for your potential needs for semen.

All request for semen must be made by 8:00 p.m. (Central Time) the night before a regularly scheduled breeding/collection day. (Mon.Wed.Fri) Semen orders accepted the morning of a scheduled breeding day (M,W,F) and will ship upon availability.

Please remember that shipped semen is based on availability. Semen may only be requested on regularly scheduled breeding days (every other day). Double PR Ranch breeding days are Monday, Wednesday and Fridays. Please contact us if you have special request, so that we may try to accommodate your needs.

On-Site breeding at Double PR Ranch requires all mare owners to notify the Ranch at least 2 days prior to picking up their mare. After your mare has been settled with shipped semen it is the mare owner's responsibility to contact Double PR Ranch to inform us that your mare is in foal prior to October 1st. You must also call Double PR Ranch to notify us when your mare has foaled so that a Breeders Certificate can be issued to you.

Frozen Semen is available through Select Breeders Service. Please contact Select Breeders for requirements about exporting Equine Frozen Semen and their shipping fees. www.selectbreeders.com

Please let me know if you have any questions and we look forward to working with you.

Regards,
Pam Rohus
